If Women Only Knew

What a Heap of Happiness It Would Bring to Norway Homes

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

"I would save much needless woe. Doan's Kidney Pills are for weak kidneys. Ask your neighbor.

Read what a Norway citizen says: Mrs. S. B. Stewart, 14 Tucker St., says: "When I used Doan's Kidney Pills a year ago, they did me a world of good. I felt justified in recommending them to anyone suffering from kidney trouble. Just after I recovered from the 'flu' my kidneys began to give me trouble. The 'flu' seemed to have left them in a weak and disordered condition. I was sore and lame all over, especially across my back. I could hardly turn over in bed. I was in such misery. I read about Doan's Kidney Pills and began using them. They soon rid me of the trouble. My back stopped aching and my kidneys became regulated."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stewart had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

Fair News

Hiking Down Amusement Row

Three long rows of fakirs catered to the varied tastes of the multitude. Bating establishments everywhere, but only one side showed pitched their tents on the grounds. Truly Oxford County has a tremendous appetite and a thirst for soft, sweet drinks as proven by the vast array of booths dispensing frankfurts, ice cream and bottled refreshments of the harmless kind. Never before has this department been so overworked.

Many doll games did good business and the hoop-la sport was attractive. Pin games and bowling alleys found trade rushing. Everything in this line was framed up to catch the eye and attract the coin.

The gas balloon man was there and the souvenir vendor easily plastered his flashy trinkets on the rustic and his best girl. Wild men they were, and these prehistoric monsters are passing from the land as the inhabitants grow wiser. Shows with factory turned mummies and other abnormal freaks were also among the mixing. Altogether, the midway was a solemn place in comparison to a riot of flash-not many years back.

The "girlie" dancers also failed to appear this year, much to the disappointment of a large following. Even the athletic shows featuring wrestling made no appearance. But for the E. H. Fellows Shows, and the Silo Motor Drome with its thrilling stunts, the cravings for amusement would have lapsed to a satisfaction in sluttuity.

The Fellows Shows occupied considerable space with the ferris wheel, the ocean wave and music-go-round. This was the eighteenth year the company have played this fair, therefore the youngsters camped their bank and patronize these sports to the limit of their resources. The new merry-go-round which was to have been shipped from the factory to this fair, secured C. H. Chute of South Falls and his three abreast overhead machine to fill the bill. The substitute was agreeable to the public as shown by the rush to try the new up and down horses. Believing it pays to keep everything bright and clean, Mr. Fellows had the ferris wheel and wave freshly painted before the fair opened, so both outfits glittered like new dollars in red and blue paint with aluminum trimmings.

Dynamite Kid Boardman and Dare Devil Emery, the French speed king, raced motorcycles in the silo motor drome. Perpendicular walls. This show proved a thriller and a strong attraction. Racing madly around the smallest race track in the world, the two riders courted with death. This show came from Massachusetts in one jump to try out the report that our fair has the best crowd of money losers in Maine.

The local fakirs were prominent on the midway this year. Edwin Gammon and sons of Norway had the ten pin game in operation. "Shorty" Faneuf and "Cappy" Smith of Norway were a happy and noisy pair in the booth where frankfurts, etc., were hustled across the counter. Band and sons of Norway sold soft drinks, cigars, quick lunches and many other things.

Mrs. Lillian McGinley of South Paris, assisted by Dorothy Chandler, Mrs. Warren Patterson and Harry McGinley dispensed hot coffee and a variety of food. Will of Norway, and Jimmie Weston of Connecticut handled soft drinks and eatables. Mr. and Mrs. Asaph Richardson and Bill Richardson, formerly of Norway, occupied a neat booth and handled frankfurts, hamburgers, hot coffee and soft drinks. Allie Richards with "Buster" Ramsey, handled lunches and many good things to eat and drink. C. Tyler of Brunswick, a student in Norway High School not many years ago, carried Moxie, sandwiches and other nice things. John Quinn of Oxford presided in the "Oasis" booth and was assisted by the American Legion Post of Oxford. This was some place and attracted a large patronage.

Arthur Payne of Norway and Mrs. Myrtle Stevens of Lewiston had an attractive place where soft drinks, ice cream and lunches were handed over. The Ladies' Social Union of South Paris conducted a neat booth where soft drinks, frankfurts, chewing gum, ice cream and candy was furnished to a large patronage. Mrs. Charles Cutler was in charge with Mrs. Lottie Abbott, Harold Turfs, Ruth Miller, Telma Burgess and Bernice Hatch as assistants.

Mr. and Mrs. Carroll Edwards of South Paris who have operated a tea room near Oxford during the summer, carried a large stock including soft drinks, candy, gum, frankfurts and notions.

Drake's Service Store with Howard L. Drake, manager, had the concession about the grand stand. He had a large force dispensing ice cream, Drake's famous sand-tato chips, Drake's apple suckers and many tempting articles of this nature. His selling force included Dan Dullea, Frank Whelan, James Rouse, Roy Cord, Oliver LaFrance and Abraham Saleeby, Freddie Lewis, Manford Palmer, Carey Locke, Abraham Block, Doris Stone and Beatrice Drake looked after the potato chip booth under the stand.

The students of Paris High School had a booth and sold ice cream, cold drinks, frankfurts, candy and chewing gum for the athletic fund. West Paris High School was also represented in an adjoining booth where many nice things were sold for their athletic association. Both stands had nimble helpers and a good sum poured into the coffers for this good cause.

The West Oxford Agricultural Society Fair will be held Tuesday, Wednesday and Thursday, Sept. 27, 28, 29, at Fryeburg. See ad.

SOUTH PARIS

Brief History of Mt. Mica Lodge
Mount Mica Lodge, No. 17, I. O. O. F., was instituted at South Paris, Aug. 5, 1874. The charter members who received degrees at Bethel on June 26, 1874, were William J. Wheeler, Isaac B. Smith, W. K. Shurtlett, N. Dayton Bolster, C. M. Morgan, C. E. Richardson, Charles Morse, J. H. Dunham, G. E. Wilson, J. C. Perry, R. F. Doten, L. S. Billings, J. P. Richardson. The only one of these living, who remains a member of the lodge is L. S. Billings.

The first officers were: N. G. Isaac Rounds; V. G. W. J. Wheeler; treasurer, C. E. Richardson; secretary, W. K. Shurtlett. Until 1893, the term of the officers was six months, since that time, one year. Fifty-eight men have served in the office of the lodge grand for one or more terms each. The number of members of the lodge at present is 265. Howard A. Swan is noble grand and R. Leslie Cummings is secretary. Aurora Encampment was instituted March 22, 1876, Mount Pleasant Rebekah Lodge, Dec. 20, 1889, and Canton A. S. Kimball, Patriarchs Militant, Feb. 14, 1921.

Odd Fellows block in Market Square was the largest and tallest business building in town. It was built in 1878, and the Hall dedicated Feb. 23, 1879. The entire third floor of the building was occupied by the different Odd Fellows lodges. The building was owned by a corporation with Mt. Mica Lodge a heavy stock holder.

On the night of Dec. 16, 1919, the building was somewhat damaged by fire, but the damage was fully repaired. On the night of Feb. 18, 1921, most of the block was burned, the first starting in Savoy theatre on the second floor. What remained of the building was removed and the lot sold by the Odd Fellows to an association of South Paris business men, who will later build a new block. The Odd Fellows purchased the lot on Main street on which the Hewett house formerly stood, and where the corner stone for the new block has been laid. The building committee is composed of George F. Eastman, Wallace E. Strickland and Frank E. Kimball. The committee on plans is Horace L. Swan, J. E. March and Philip S. Mason. Philip S. Mason is in charge of the building.

Club Work Demonstrated
The local contest for the boys' and girls' clubs of Paris was held at Grange Hall, Saturday, Sept. 10. The attendance outside of those specially interested was not large, but considerable interest was shown in the exhibition of work done. Sweet corn made by the boys, bread and cake made by the girls, and the garments of the club, were on display. The girls testified to the worth of the club work.

A program arranged by Austin P. Stearns, Jr., leader of the boys' club, and Mrs. R. H. Lovejoy, leader of the girls' club, included stories of their club work by Lora Porter and Glenna Starbird, singing by the club girls, recitations appropriate to the occasion by some of the boys and girls, and a demonstration play by the girls which also tended to show the value of the club work. There followed an earnest talk by Raymond H. Lovejoy, the county agent.

Awards in the several contests were made as follows:

Veteran of Civil War Still Hale and Hearty

GEORGE D. SHAW, Springfield, Mass.

"To say that I feel twenty-five years younger, twenty-five years healthier and twenty-five years stronger express what Tanlac has done for me better than any other way I can put it," said George D. Shaw, veteran of the Civil War, who now lives at 321 Walnut street, Springfield, Mass.

"I am now seventy-eight years old and I don't hesitate to say I have never known a medicine to equal Tanlac. For fifteen years I was subject to attacks of indigestion that were so bad at times I would have to lay up a week or two. For a long time I lived on crackers and milk alone as nothing else agreed with me.

"When I started on Tanlac I weighed only one hundred and seventeen pounds and my days were thought to be numbered. I've been so wonderfully built up, I now weigh one hundred and forty-three pounds and my stomach is as strong as a dollar. In fact, I believe I

could eat the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and it would like to urge the boys of the 'Sixties' who are not feeling right to give it a trial, for I am sure it would put them in line again just as it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago, is certainly something to be thankful for and there is nothing too good I can say for Tanlac."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stovell Bros., Locke's Mills; E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. R. Rounds & Co., Waterford, and P. G. Barrett, Welchville, Me.

TAKES CARE OF 5 CHILDREN

Mrs. Taylor's Sickness Ended
by Lydia E. Pinkham's
Vegetable Compound

Roxbury, Mass.—"I suffered continually with backache and was often de-

spondent, had dizzy spells and at my monthly periods it was almost impos-

sible to keep around at my work. Since my last baby came

two years ago my back has been worse and no position could get in would

relieve it, and doctor's medicine did not help me. A friend

recommended Lydia E. Pinkham's Vegetable Compound and I have found great

relief since using it. My back is much better and I can sleep well. I keep

house and have the care of five children so my work is very trying and I am very

thankful I have found the Compound such a help. I recommend it to my

friends and if you wish to use this letter I am very glad to help any woman suffering as I was until I used Lydia E.

Pinkham's Vegetable Compound."

Mrs. MAUDE E. TAYLOR, 5 St. James Place, Roxbury, Mass.

Backache is one of the most common symptoms of a displacement or derangement of the female system. No woman should make the mistake of trying to overcome it by heroic endurance, but

profit by Mrs. Taylor's experience and try Lydia E. Pinkham's Vegetable Compound

rider clearing away a large tree fallen
across a narrow road on a precipice, a
drove of Western cattle with their mount-
ed driver, the bucking bronco, the wild
West boy with his pony and lariat in

The Granges were whole fairs in them-
selves.
Hebron had nice vegetables and farm
products; also cooked foods and apples.
They had three dairy cheeses. The grass-
es and traced corn were effectively ar-
ranged and the fancy work unusually
finely done. "Hebron" was formed
of set tails on white. The color scheme
was the green and brown of the hemlock
on white.

"Paris Grange, No. 44," was in crab
apples over white. The colors chosen for
decorations, pine leaves over white with

toes of unusual size. The case of dairy
articles, milk, butter and cheese, looked
good; also eggs, a plate of the product
of the several breed of hens plainly
marked. The canned goods, big pump-
kins and squash and all farm products
were A. L. Cut flowers, cooked foods, an-

sheep's back to the finished wearing ap-
parel were all there.

had some nice grapes and canned goods.
The Junior Sewing Club had a specialty
this is not a forgotten art. The trace of
red ears recall the huskings when red ears
were at a premium. The traced corn
was well "filled out." Peanuts growing
on the stalks showed the leaves. There
was a pretty bunch of onions and a sun-
flower, whose diameter could be measured
in feet. The vegetables, apples and farm
products were all right. The cooked
foods had every variety, including bee's
honey and fudge.

The Boys' and Girls' Agricultural
Clubs made brave showings. There were

Welfare Club of South Paris and the

women's boots and shoes from their
Norway factory and felt shoes from their
Ellsworth factory.

W. F. Tibbs Co., Norway, had their
snow-shoes and skis from their factory.
One would hardly think so attractive.

styles of these two articles filled a section.

ken but one tooth.

make French knots and chenille work,
or make rag rugs. A. W. Torrey of
Gardiner was showing how to do the
work. This exhibition drew the atten-
tion of the ladies.

There was a "real snarl of apples."
The fruit was very clean with little
scaly and was remarkably free from
worms and other undesirable conditions.
The farmers are learning that they must
spray, prune and fertilize their orchards
if they are to raise fruit for exhibition
or for market. There were three buy-
ers from the West at the fair to buy
Oxford fruit. One of them was from
Des Moines, Iowa. He wanted to buy
from the farmers in bulk. This would
save barrels and packing, would take
No. 1's and 2's.

The Western buyers are attracted by
the favorable reputation for superior
quality of the Oxford County apple.
The judging is done by the score card
system thus: Form 10, size 10, color
20, uniformity 20, freedom from blem-
ishes 25, quality 15, total 100. Prof.

L. M. Longley & Son, Norway, had a
bath room in white. In this were the
Caso Sypil-Jet cases, a smooth case,
the Junior Sewing Club and the Senior
Sewing Club, "High School Age," The
Paris Sweet Corn Club, juniors ages 10
to 14 years; The Norway High School
department of agriculture. The Happy
Welfare Club of South Paris and the
Sewing Club of Buckfield each showed
their characters.

and Ellsworth had a section filled with
women's boots and shoes from their
Norway factory and felt shoes from their
Ellsworth factory.

W. F. Tibbs Co., Norway, had their
snow-shoes and skis from their factory.
One would hardly think so attractive.
showing could be made, but the different
styles of these two articles filled a section.
N. Dayton Bolster Co. of South Paris
had the section up stairs between the
entrance doors. They had a specialty
of the Armstrong lineoleums, wall papers
and tapestry rugs. The back walls were
hung with handsome art squares.

Rugs: Braided rugs by Mrs. C. S.
Doble, South Paris; Mrs. Verne W. Chap-
man, South Paris; Mrs. Hannah Bil-
lings, Norway; Mrs. Eva Eastman, South
Paris. Drawn rugs by Gertrude Allen,
Norway.

Mrs. Mary Russo of Old Orchard was
here again with hair forms and hair
weavers. These give the latest aid in
hair fashion.

Leonard H. Parker of Lewiston reser-
ved old mirrors. They remove all the
silver on the old mirrors, polish them
clean and resilver them. The resilvered
mirrors look like new ones. Mr. Parker
is "the only man in the State who
does this work."

Mrs. A. L. Preslove of North Bridg-
ton had a large variety of trimmed hats.
This was her fifth year, and this "speaks
well" for her trade at our fair.

The hall had handsome rugs and quilts
suspended from the beams as usual.

Living Wheeler of South Paris, a young
boy, had toy beds, beds, commodes,
chairs, bureaus, sideboards, manufac-
tured by himself in wood.

The Graham Manufacturing Co. of
Old Orchard had their cleaner for shoes,
gloves and clothes; also jewelry on the
side issue.

The Pike's Peak hill-climb contests were divided into three separate events, according to the piston displacement of the entries. Hudson was entered in only one. But its time of 19 min. 16.2 sec. was faster than any other car ever made the course, regardless of class or price, except another Super-Six special, which set the unequal record of 18 min. 24 sec.

Again Hudson Wins at Pike's Peak

Breaks All Time Records Except Its Own

A Hudson Super-Six special, entered and driven by the Hudson dealer of Oshkosh, Neb., again won the Pike's Peak hill-climb classic up the highest road in the world defeating teams of much costlier cars, driven by such noted professionals as Ralph Mulford and others.

Hudson won the Penrose cup for the fastest time of any car in the three events. Hudson's time was 19 min. 16.2 seconds. This time has never been equalled

except by another Hudson Super-Six special, which in 1916 set the record for the course of 18 min. 24 seconds.

That record still stands despite the fact that time after time the costliest special cars have struggled to match it.

Isn't it convincing evidence of Hudson's superiority, that a car entered and driven by a dealer, so decisively defeated the specially built, professionally driven teams that the makers of costlier cars sent out to win?

The son or daughter of this month should wear sapphires that are blue as blue flowers. The sapphire is noted as a regal gem. Kings have worn it about their necks as a powerful defense against harm or danger. Helen of Troy wore a rare star-sapphire as a potent love-charm. And it has taken the greatest epic poetry to recount her capture of Paris, who carried her to Troy, whence arose the Trojan war incited in her defense by her numerous suitors.

Agricultural Exhibits

A. W. Walker & Son of South Paris occupied a large tent near the main entrance and offered a large exhibit of implements carried in stock. Percy M. Walker was in charge and George Skinner, one of their local salesmen, assisted with the demonstrations. Up to date stock was shown and many new ideas to lessen farm labor and produce better crops were featured by competent representatives. Probably the most striking part of the show was the Fairbanks-Morse Home Lighting System with a Monarch water pressure system attached. A. J. Deodrie, the Maine representative of Bangor, explained the good qualities of the plant suitable to light either a single building or a city like Millinocket. Dodd & Struthers Lightning Rods, the Empire Milking Machine, the "Z" Gasoline and Kerosene Engines. Loudon's barn equipments and the John Deere implements with many other appliances interesting to progressive farmers, were shown.

Wallace K. Clifford of South Paris occupied the usual space under the grandstand. Manure spreaders, potato planters, mowing machines, hay tedders and cultivators were prominent in the display. The "Simplicity" combination gas and kerosene engine was a smooth running piece of machinery.

Automobiles

Ripley & Fletcher of South Paris had a tent full of Ford Sedans, Ford Trucks and other models of the popular car. Considerable literature was passed by Ernest Nason, who heads the selling department in the well known garage. The Norway Buick Co., with the sales manager, George Hill, in charge, was also located in a tent with several of the 4 cylinder models on exhibition. Alton Maxim of South Paris was also under canvas showing the Reo Speed Wagon and other Reo goods, including late models in touring cars. W. F. Knight of North Waterford talked the fine points of the Studebaker sixes with several touring cars for inspection. He reported good sales during the summer with every customer satisfied.

PORTER

Visitors From Massachusetts

On Saturday morning, while Curtis Chapman and family were peacefully eating their morning meal, a Reo speed wagon was seen coming up the road, stopping in front of the house. As soon as the car halted, men commenced to alight from all parts of the car until it seemed as if the large dooryard was filled. The family commenced to wonder what it could mean. One thought it must be the Farm Bureau out for a tour, some one else thought it must be the Board of Health, and another thought it must be the Federal Prohibitional Inspectors. Finally little Oliver said, "Let's go out and see who they are." They proved to be a party of twelve business men from Lynn and Marlboro, Mass., on a pleasure trip. They had left Lynn, Friday night at 10:45 o'clock, travelling all night, reaching Porter at 7:30 Saturday morning.

They had found the early morning air rather chilly and the first thing on the program was to get warm around the kitchen stove with the help of hot coffee. The rest of the day was spent in touring the farm, climbing the mountains to get a better view of the beautiful scenery and looking for small game.

At an early hour the party retired to the hay loft and by the way they climbed the ladder it could be easily seen that it was a new experience to most of them. By the sound of the snoring that was soon heard it was evident that most of them were fast asleep. When the sound of a cow bell partly awakened one, he was heard to exclaim to his next neighbor: "Why don't you answer that telephone?"

The next morning when asked how they rested over night they all said fine, excepting that the bull kept his bell ringing all night. The "bull" with the bell was found to be one of the younger members who had secreted a cow-bell in the loft previous to retiring. About 8 o'clock, Sunday, the party resumed their journey through the White Mountains and from there home.

The members of the party were Walter H. Lyon, owner and driver of the auto, Hallett Mitchell, C. D. Lyon, Walter T. Wing, W. E. Downing, Robert F. Oberlander, Edward Davis, Wm. Wing, and Rupert Killam, all of Lynn, Mass.; Chas. F. Davis, Willis Davis and Harold Linden of Marlboro, Mass.
